

## **METAL MAPPER 2 X 2: INDUSTRY AND GOVERNMENT UPDATE AND PERSPECTIVE**

*Jeffrey Leberfinger, TerranearPMC LLC; John Jackson, USACE (Sacramento)*

The MetalMapper 2X2 is now being actively used on MMRP sites to classify munitions anomalies and guide anomaly interrogation. This presentation will provide an update on the MM 2 x 2 as of the meeting and then give some perspective from industry and government on how it is working on projects.
