

Environmental and Engineering Geophysical Society

Symposium on the Application of Geophysics to Engineering and Environmental Problems (SAGEEP) Terms of Abstract Submittal

- A \$50.00 abstract submission fee for SAGEEP 2012 will be assessed at the time of submission. This fee will be applied toward SAGEEP 2012 registration if the abstract is accepted and presented at SAGEEP 2012. (If the abstract is not accepted, the fee will be returned.) If the abstract (and optionally, the expanded abstract) is accepted, but you do not register for or attend the symposium, the fee is non-refundable. You will have the opportunity to pay online with a credit card or you can print a payment form, which may be faxed or mailed to the EEGS business offices (submission information is listed on the printable form). By submitting your **abstract and paying the \$50.00 submission fee by the Dec. 19, 2011 deadline**, you are agreeing to participate in SAGEEP 2012 with an oral or poster presentation.
- All provisionally accepted abstracts may be followed by an optional expanded abstract. Expanded abstracts without a paid submission fee (or a postmark) by close of business **January 9, 2012** will be withdrawn from the conference.
- All expanded abstracts are subject to review. Inappropriate papers, those lacking scientific merit, or those with excessive commercial advertisement are subject to rejection at any stage of the review process.
- Abstracts may be submitted in general categories or special sessions. **Authors may propose a session topic** to which their abstract should be assigned if a suitable, existing option is not listed.
- Session topics (and chairs) are being sought. Follow the online instructions to **propose a session and/or indicate your willingness to chair a session**.
- If you are from a country that requires a visa to enter the U.S., please ensure that you start the process of obtaining any required travel documents in a timely manner.
