

## EEGS/NSG Frank Frischknecht Leadership Award

The EEGS/NSG Frank Frischknecht Leadership Award is established to recognize an individual who shows extraordinary leadership in advancing the cause of near surface geophysics through long-term, tireless, and enthusiastic support of the environmental and engineering geophysics community. Such leadership is often boldly displayed by an invention, a new methodology or technique, a theoretical or conceptual advancement, or a unique innovation that transforms the nature and capabilities of near surface geophysics. The Frischknecht Award is presented jointly by the Environmental and Engineering Society (EEGS) and the Near Surface Geophysics (NSG) Section of the Society of Exploration Geophysicists.
